

**FOR YOUTH DEVELOPMENT®  
FOR HEALTHY LIVING  
FOR SOCIAL RESPONSIBILITY**

To whom it may concern,

I am writing to share with you the experience we have had working with ORB management over the course of our project in Grand Marais. In addition to being very organized, detailed, and fiscally responsible during the management of the project, they have also been a pleasure to work with. Somebody from ORB takes my calls or responds to my emails almost immediately. They arrange a call with weekly updates about the project and keep us updated on the timeline, contractors on site, issues, cost saving opportunities, etc. They are knowledgeable in all aspects and connected to many great resources to make the project a success. The best part of working with ORB is that they genuinely care about what we are doing as an organization and share our excitement about what we are able to do with a completed or renovated facility. ORB has experience with other YMCA projects, and they understand our needs. There have been some bumps along the way due to the political nature of our particular project, but ORB has taken the high road on every issue and has helped us get what we need to operate a successful Y. They have built relationships and worked hard to coordinate communication between the County, City, Community, School, and Y. I strongly recommend working with ORB Management if you have the chance. Feel free to call me with any questions you may have, and good luck on your project!

Sincerely,

Emily Marshall  
Branch Executive Director
